First Year Dean**

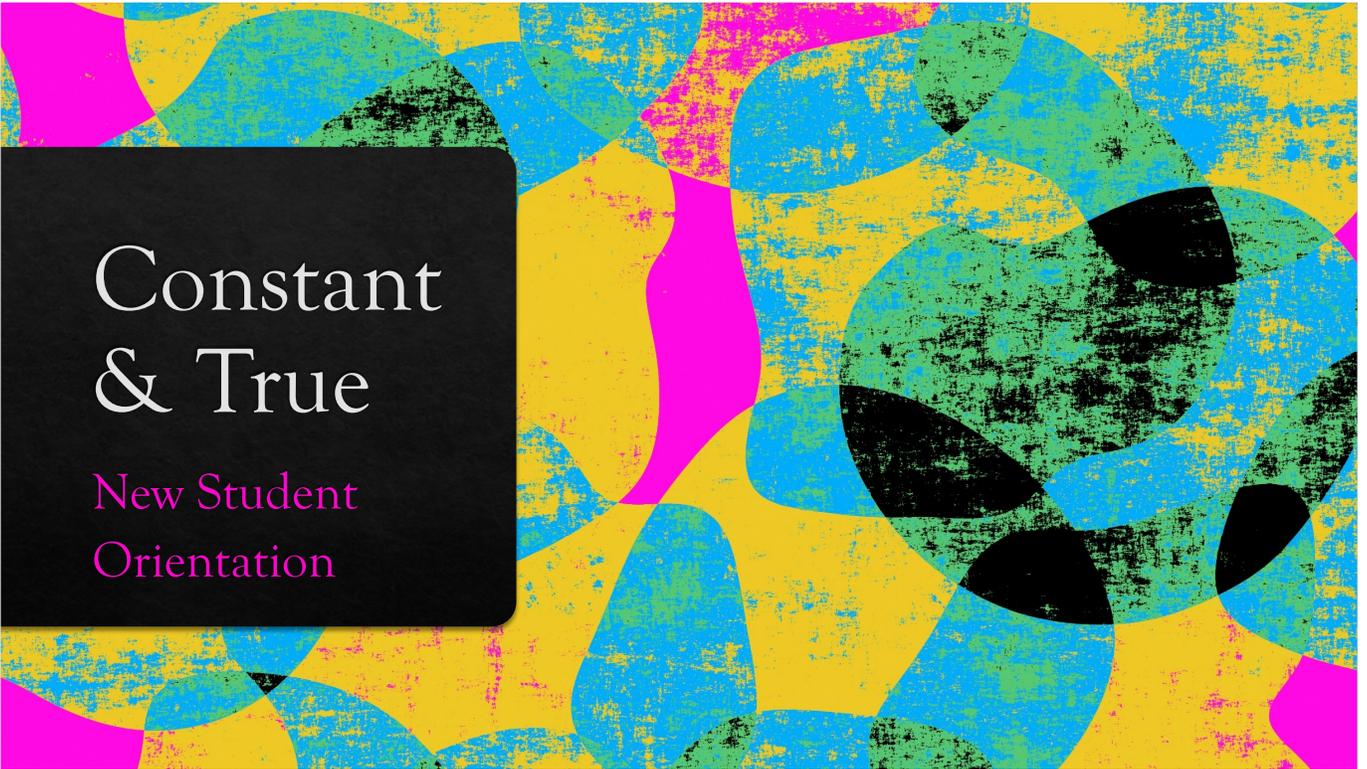

**New Student Orientation  
documentation**

**It was my job to plan and produce, structure and organize and oversee the New Student Orientation of 2021. I worked on this project over the course of 3 months, creating the New Student Orientation agenda and communicating with the team of staff.**

**New thematic concepts were utilized this year at New Student Orientation to center the well-being of the student as essential to the student's success**

# Student Success Retreat

Presented recently developed thematic concept of  
New Student Orientation to  
the ASSET Team Constant and True, comprised of university staff that aide me in  
planning New Student Orientation (NSO)

## Constant & True

## Daily Theme graphic

For each daily theme, I designed and created a graphic, using Canva software.

These graphics were then sent out to new students and shared on the Instagram account

New Student Orientation - August 16th - Remember to...

# Handle Your Business

Wear an item that represents your major or your passion. Anything from full cosplay to a simple accessory is encouraged.

New Student Orientation - August 17th - Remember to...

# Cap and Crown

Bring your high school graduation cap or rock a crown/tiara. Show off your academic king or queen status.

New Student Orientation - August 18th - Remember to...

# Be A Lion

Show your Lincoln pride. Wear the school colors, logo, or gear. Create your own or hit the bookstore.

New Student Orientation - August 20th - Remember to...

# Rites of Passage

On Sunday you will receive your stoll. This is our gift to you. Welcome to Lincoln University.

## Communication using Social Media

A large part of the new theme was communicating with new Students via Social Media. Not only does this engage our new student's attention, it also connects them where they already are, on Instagram and on GroupMe. Additionally, it connects them to each other through these platforms.

### HOW TO LOCATE YOUR RESIDENCE HALL IN WEBADVISOR.

 Kyia Smith  
once you log into web advisor go to "view account and make payments" then "student finance" then click on "account activity" and you'll see the "charges" and it should show you your dorm room building  2

THANK YOU KYIA. WE APPRECIATE YOU.

I highlighted and reposted this comment on Instagram by student Kyla Smith. This has the purpose of foregrounding student participation and engagement and shows students how they can support each other.

On GroupMe, I forwarded this post of info for residence life to all the new students in the GroupMe chat.

The GroupMe chat has **415** participating first-year students (out of ~500 first-year students total). Clearly this is where the students are.

# Summer Q & A Sessions

During the May, June, and July, I held bi-weekly virtual Q & A sessions over Zoom for newly admitted students and their parents.

This graphic I designed and created advertises the sessions.

After each session, a FAQ was made listing the questions that were asked and that was emailed to the entire contingent of admitted students.

# Whova

We used Whova as an Event Management system.

It allows the New Student Orientation agenda to be uploaded online, which students, faculty, staff and presenters can access from their mobile device. Graphics, timelines, schedules, information, and event info can all be uploaded and then accessed by students.

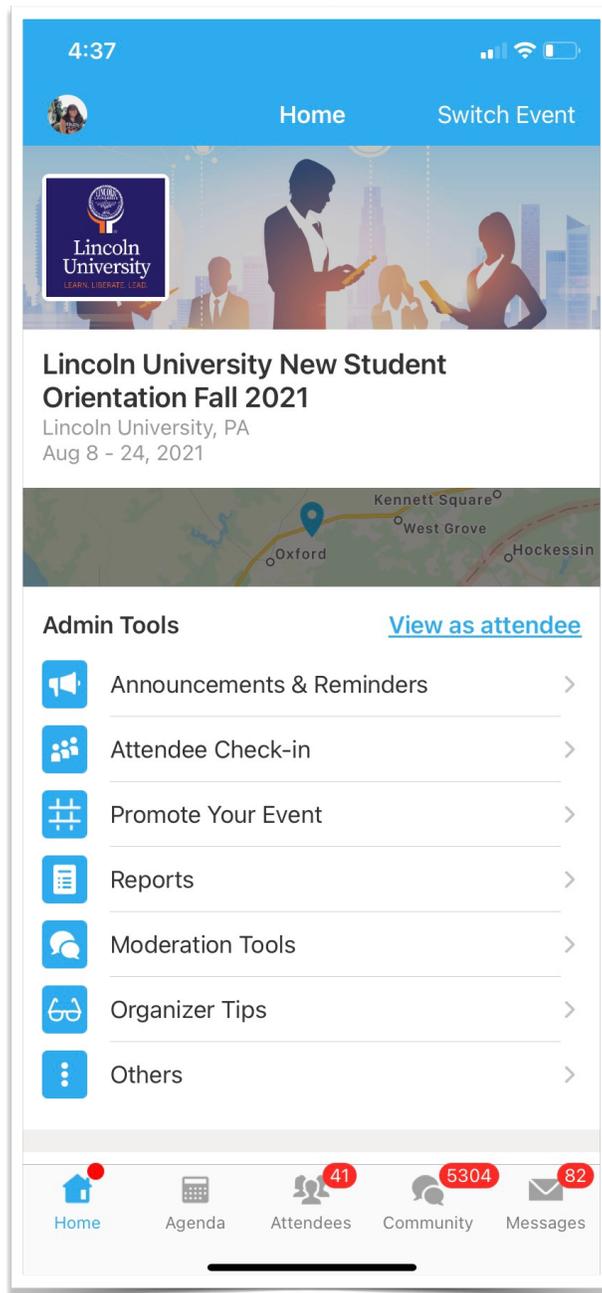

Students were sent the instructions in an email:

“Download the WHOVA app.

The NSO WHOVA event invitation code is 634eeyrdk9.

All WHOVA invites are sent to your Lincoln email address.”

Students could also create a personal agenda they could use to track the events they wanted to attend during New Student Orientation.

# Whova (continued)

Whova can also be viewed and accessed on a web browser.
